Portfolio: nunomarques97.github.io/portfolio

Delivered Angular and .NET software for banking, with end to end ownership from database design to frontend integration. Built an internal RAG knowledge system with Jira integration and wrote reusable skills that supported the team's adoption of AI assistants. Designed a personal autonomous agent system that plans, implements and reviews software.

PROFESSIONAL EXPERIENCE

Natixis Porto, Portugal

Feb 2021 to Present

Senior Full Stack Developer

Feb 2026 to Present

Progressed from Curricular Intern (Feb 2021) to Intern (Nov 2021), Junior Developer (Nov 2022) and Developer (Feb 2023), before promotion to Senior.

- Delivered **Angular** and **.NET (C#)** features, owning development from database design through frontend integration.
- Designed and maintained **REST APIs** aligned with enterprise performance and scalability requirements.
- Optimised **SQL** queries and database structures to improve application responsiveness under heavy load.
- Built a **Retrieval-Augmented Generation (RAG)** system over internal documentation, integrating the **Jira API** to include cards and release notes.
- Supported **AI adoption** by writing reusable skills and working practices for the team.
- Implemented automated unit, integration and end to end tests with **xUnit, NUnit and Cypress**.
- Automated **CI/CD pipelines** with **Jenkins, XL Release and XL Deploy**.
- Managed batch jobs and background processes supporting critical financial workflows.
- Investigated production incidents and supported system stability across environments.
- Reviewed code.
- Mentored junior developers.

SELECTED PERSONAL PROJECT

- Designed and built an **autonomous AI agent system** that plans, implements and reviews software.
- Used the system to build personal applications from start to finish.

[Project source code on GitHub](#)

TECHNICAL TOOLKIT

Worked with **TypeScript, RxJS, NgRx, HTML, CSS, SQL Server, MongoDB, Docker and Git**.

Applied **OOP, SOLID principles** and **Agile/Scrum** practices.

EDUCATION

Bachelor's Degree in Informatics Engineering

2015 to 2021

Instituto Superior de Engenharia do Porto (ISEP)
